 I was heading North down Brecksville towards the turnpike using a GPS ~~before~~ over my car speaker because ~~this is not my usual~~ I'm going to my parents after work (not my usual drive). The GPS never said turn as I went through the intersection. I had to turn around a quarter mile down the road & head back south down Brecksville back towards the turnpike. The GPS told me to turn right while on the bridge. I looked right & there was no exit when I looked up & I saw the car & slammed my breaks but I couldn't stop in time.
