Re: Richfield, Ohio

Extension Project

Dear Ms. Tibbs:

Bids were received on the above referenced project on Friday, November 8, 2002. There were a total of 17 bidders with Fechko Excavating, Inc. submitting the apparent low bid of \$482,411.94. Our review of the submitted bids uncovered irregularities and/or errors such as miscalculations, etc. None of these irregularities and/or errors affected the outcome of the low bid.

Our reference check into the past work history of Fechko Excavating, Inc. indicated that the contractor has successfully completed similar type of projects. The references provided, indicated that the contractor is responsible and responsive and that they have adequate resources to construct the above referenced project.

Based on the above, we can see no reason for the Village of Richfield not to award the construction contract for the Everett Road Water Main Extension Project to Fechko Excavating, Inc. in the bid amount of \$482,411.94.

Enclosed for your use are two copies of Notice of Award forms. If the Village adopts the above and award the construction contract to Fechko Excavating, Inc., please complete both forms as shown and return them to our office for further processing.

Should you have any questions or comments, please feel free to notify the writer.

Sincerely,
